Digi-CVET

Developing transversal digital competences
for digital Continuous Vocational Education
and Training in construction

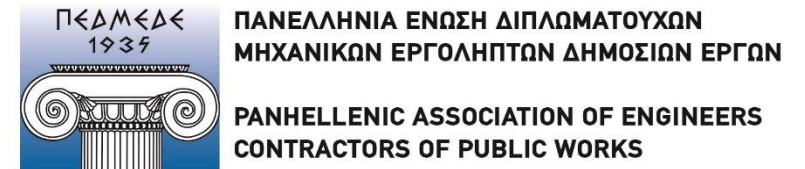

Period & Partners

Start of the project: 2nd of November 2021

End of the project: 2nd of March 2024

Partners:

Idea

BZB

Bildungszentren des
Baugewerbes e.V.

Digi-CVET is a direct response to the

changing needs in work life,

where in the near future

approximately 9 out of 10 jobs will require

at least simple but **up to advanced digital skills** and competences

Objectives

BZB

Bildungszentren des
Baugewerbes e.V.

- Training for target groups and showing how digitalization can work as a **driver on the labor market** or within companies to attract and/or retain staff/apprentices
- Raising the **appreciation of digital** VET offers in particular when youngsters are concerned (working with digital instruments, extended realities)
- Development of a **transversal digital understanding** how to apply data processing in the use of AR e.g.

Path 1/2

BZB

Bildungszentren des
Baugewerbes e.V.

- 6 project meetings - 1 being hosted by each partner
- 5 multiplier events in Jan/Feb 2024 by partners
- final event by BZB in cooperation with Conference on Project Development in Jan. 2024 <https://sites.google.com/site/conferenceonprojectdevelopment/>
- frequent dissemination & quality management activities
- involving other local, regional and European networks

Path 2/2

BZB

Bildungszentren des
Baugewerbes e.V.

- Result 1 (SCVAP / BZB): „Development of contents, scenarios, use cases and technical base“
→ 02.11.2021 – 31.07.2022
- Result 2 (CentreIFAPME / BZB): „Development of country specific packages, media and resource packages, Vocational Open Online Course (VOOC) and editors structure in ILIAS“
→ 01.08.2022 – 31.05.2023
- Result 3 (KPG / BZB): „Development of technical manuals for learners, trainers and editors; development of badges and adjusting developed VOOC on technical base“
→ 01.06.2023 – 02.03.2024

Expected results

- 5 + 1 packages
 - **Appreciation** of digital learning in construction (IVET)
 - **Introducing and demonstrating** central emerging technologies in construction like AR and BIM
 - **Digital collaboration in construction** in particular Common Data Environment (CDE) in BIM
 - Digital means as an **attracting / retaining factor** for companies
 - **Communication in a digital context** with special emphasis on construction specific applications
 - Development of a **multi-lingual and semi-customized digital platform** open to add more digital VET-offers after the end of Digi-CVET

Multi Events & LTTA

Multiplier Events (ME)

- 1 ME by BZB & KPG connected with CPD in January 2024 in Berlin (10 locals/5 internationals)
- 4 MEs by partners in February 2024 (each: 10 locals/5 internationals)

Learning, Teaching and Training Activities (LTTA)

- 1 in Vicenza (SCVAP, PEDMEDE, CCIS)
- 1 in Krefeld (BZB, CIFAPME, KPG)
- May 2023 (parallel with temporary online exchange, can serve also as a 7th meeting)

Figures

BZB

Bildungszentren des
Baugewerbes e.V.

- Budget: 355,165.00 €
- PMI: 49,000.00 €
- Staff: 253,120.00 €
- Travel: 36,555.00 €
- Multiplier Events: 10,000.00 €
- LTTA: 6,490.00 €
